What We Do...

Electrical

Whatever your electrical projects may be, Residential, multi-family, commercial, industrial, agricultural, or civil, Techlectric has the electricians and the know-how to see them through from start to finish. With the move toward energy efficient projects we have the expertise to install green products in your development.

Security

Choosing a security company is the most important security decision you will ever make, and Techlectric provides solutions for your home, business, as well as CCTV Surveillance. Choosing a security system from Techlectric will provide you with the following benefits and features:

- Protection while you are away from your home: in the event of a break-in, our central monitoring station will immediately dispatch the police.
- Annual preventive maintenance inspection available on all systems.
- All voice communications are recorded
- Computer U.L.C. 24 hour monitoring

Home Theatre

Techlectric is a full line LG flat panel dealer and has a state-of-the-art demo room complete with 3D TV, wall treatments, projector and screen, and always some of our latest offerings. We also have a fully-distributed audio system and matrix HD switcher set up in our shop. Come on down strap yourself in and experience our pant leg flapping demo room today!!!

Home/Business Automation

At Techlectric we take pride in designing, constructing, and installing professional-grade smart building products and providing exceptional customer service to all our clients. Among the services we offer to both residential and commercial customers are fully-automated lighting and climate controls, high-tech audio-visual systems, intelligent home security programs, and green renewable energy solutions.

Communication

We provide communications systems from just a few rooms in your home to a hotel or business with hundreds of extensions. We also can provide complete data and fibre as well as wireless solutions that are guaranteed to never miss or drop service. Techlectric specializes in business telephones with an emphasis on VoIP systems. Save on long distance and reap all the benefits with multiple branch or business locations. It is like the remote office is just down the hall!

For 20 years, Techlectric has been servicing the Shuswap, North Okanagan, Thompson, and West Columbia Regions from their Salmon Arm office, and is now servicing the Easy Kootenays from their Invermere office. Techlectric has successfully completed electrical installation projects large and small with the utmost customer satisfaction. Our expertise, honed by two decades of experience and dedication includes commercial and industrial facilities, and multi-million dollar residential-based developments. Each project commands the same care and attention from a core group of well-trained technicians, journeymen and apprentices, equipped with the proper tools and quality material to do the job right. For experience, quality and service, look to Techlectric to complete on time and on budget.
