

CONSTRUCTION MARKET INTELLIGENCE

Take advantage of ICBA's Construction Market Intelligence.

A powerful tool to help you
find work faster.

Construction Market Intelligence (CMI) is the **ultimate construction tool** for project leads and documents in B.C. that will give you a competitive edge in an ultra-competitive construction market.

CMI tracks job prospects in both the private and public sector in B.C., relaying:

- ✓ **Updated bidding opportunities**
- ✓ **Detailed documents**
- ✓ **Project blueprints**

Receive email alerts and updates about specific projects, from pre-bid through to award. Access detailed information on projects, companies and contacts.
